

Software Development Testing

Test Script 1.0.1

Social Determinants of Health Resource Dashboard Test

IDENTIFICATION:

Test Module:	1.0 Dashboard Functionality
Test Script:	1.0.1 Dashboard Home, Search Features, and ADA Widget
Functional Unit Owner:	Patricia Cooper- Stony Brook Medicine
Test Script Created by:	Asad Asmal, Ashley Morais-Perez, Zhaoyang Liu

ITEMS TO BE TESTED:

- Verify that the homepage loads correctly.
- Verify that the search bar displays a dropdown menu with resource categories.
- Verify that entering a ZIP code shows a map overview and a list of local resources.
- Verify that the ADA widget opens without performance issues and applies selected disability tools to the webpage.

TEST SCRIPT DETAILS:

Step	Instructions	Expected Results	Pass/Fail
1.1	Open the dashboard link in a browser.	Homepage loads correctly.	
1.2	Click on the search bar.	Dropdown menu with resource categories appears.	
1.3	Select a category from the dropdown menu and enter a valid ZIP code (e.g., 11790).	Map provides an overview of resources in the ZIP code area.	
1.4	Verify that a list of local resources corresponding to the selected category is displayed below.	Local resources list displays for the entered ZIP code.	
1.5	Click on the ADA widget icon to activate it.	ADA widget opens without slowing down website performance.	
1.6	Enable a specific disability tool within the widget.	The webpage adjusts according to the selected disability tool without glitches or performance issues.
